## What We Learned

### Superstars!

Our toddlers are having fun learning a new letter each week! They're starting to recognize and sound out letters through songs, games, and activities designed to help them grow their literacy skills. It's so exciting to see their progress!

### Rising Stars!

For our babies, we're focusing on developing independence and communication skills. We're supporting them as they explore ways to express their needs and desires, whether through gestures, sounds, or early words. It's amazing to see them building confidence in communicating with us and each other!

## Shinning Stars!

This month, our pre-schoolers are diving into an exciting theme: People Who Help Us. We're exploring the many important roles in our community, from firefighters and police officers to doctors, teachers, and more. The children are learning about how these helpers make our lives safer, healthier, and better every day. Through stories, hands-on activities, and role-playing, we're helping the kids understand the value of these important jobs and how they contribute to the well-being of everyone around us.

Ask your child about their favourite "helper" they've learned about so far! They might have some fun stories to share. 😊
